LDD Roles Regarding Forms

Reminder: as an LDD, you are committing to providing grant administration to grantees. When it comes to the forms the grantees must submit to NBRC, such as a quarterly progress report (SFPPR) or requests for reimbursement (SF270), the following are your roles as an LDD:

- **Reviewing forms** filled out by the grantee for **accuracy**
- Checking to see if they are **providing correct documentation**
- Making sure grantees are filling out forms and reports in a **timely manner**
- Set up a clear process with grantee: **send forms to you, the LDD, first** for review prior to sending it to NBRC. Often grantees send forms directly to NBRC, only CCing LDDs, skipping the crucial step of review!

Full list of LDD responsibilities can be found at www.nbrc.gov/content/local-development-districts

Extra step but drafting the budget with the summary helps applicants and or grantees think about the categories and costs related to their project

Preapplication Forms –Budget Narrative

- **Required at preapplication and application phases**
- Budget Narrative Template created in 2023, sample provided on [Resources tab](#) of website
- Form must include a cost-justification for each project expense over \$5,000
- Provides opportunity for narrative in alignment with the SF424cbw

HELPFUL HINTS:

- Some applicants have found it easier to do the budget narrative first and then complete the SF424cbw
- Another opportunity to confirm the federal grant funds in the project do not exceed the 80% cap
- If all funds for project are pending, this will impact the project's readiness score at time of application

Grant Admin Forms

SF-270 Tips and Tricks:

- Period of Performance: ALWAYS WHOLE MONTHS (unless its reimbursement #1 and you are using your NTP date)
- Signature on the reimbursement request MUST be the Authorized Official (see later slide on how to update AO, if needed)
- On reimbursement #1 for a project, Box 8 FROM date must be NTP date or after.
- Check the math! (TOTAL column):
 - Line I + H = Line G
 - Line G + F = Line E (and C and A)
 - To double check payment rate (%) matches the grant agreement: Line G / Line A = Payment Rate (OK if PR is less than what is in the GA)
- Use the Supporting Documents Spreadsheet to organize backup documentation (this speeds up the time it takes for the project to receive funds)
- Backup documentation required for NBRC expended funds AND expended match

Ideal Naming Convention:
NBRCXXGXXXX_SF270_Reimb #X
NBRCXXGXXXX_SF270_Reimb #X FINAL

Close Out Differences (SF-270 FINAL):

- FINAL in box 1 must be checked.
- Box 8 TO date will be the date also used on the SF-425 FINAL and SF-PPR FINAL

SF-425 Tips and Tricks

- Due 10/30 each year
- Check the PROCESSED DATE of the last reimbursement for the year: If it is post 9/30, those will go on next years SF-425.
- Look to the last reimbursement processed prior to 9/30 and use the **total reimbursed amount** on that form, and the **total match** which has been documented.
- Refer to the most recent grant agreement to fill in box 10d (NBRC Funds Awarded), 10g and 10i (Total Match Committed).
- Don't forget box 13! Its on the second page and gets left blank frequently.
- Box 6 – Always mark ANNUAL
- Box 7 – Always mark CASH
- Box 8 is your period of performance date listed in the grant agreement
- Box 9 will always be 9/30/20XX

**Some common mistakes: Box 6, 7, 8, 9, 10 and missing grantee info from the bottom of the form **

Ideal Naming Convention:

Misc. Forms Tips and Tricks

- Significant Benefit Waiver
 - Required for applicants in an *attainment county*, not located in an Isolated Area of Distress, or an entity outside of NBRC's service area where all project activity will occur within our service territory
 - Due at time of **preapplication** submission
 - **High level important call outs:**
 - SBW must be supported by information clearly demonstrating the project's impact will occur in NBRC Distressed and Transitional Counties
 - SBW requires approval of the NBRC's Governing Body (Federal Co-Chair and Governor's Alternates) for project to be considered eligible to be invited to application phase
 - If project is required to submit a SBW and fails to do so, the project will be deemed ineligible at the preapplication phase of the process
 - If project submits a SBW and does not receive approval from NBRC's Governing Body, the project will be deemed ineligible at the preapplication phase of the process
- NEPA Intake Form
 - Submit during **application** phase
 - Will need to be updated if scope of project changes
 - Consider the impacts of your entire project, not just the portion of project being funded by NBRC. NEPA analysis is done on the entirety of the project
 - Factor in costs associated with completing NEPA in your budget
 - Allow sufficient time to complete NEPA process in your project's timeline
 - **High level important call outs:**
 - If the project has been awarded funding from a state or federal entity, important to note that information on the form, including POC information
 - If the NEPA process is underway for another federal funder, important to note that so NBRC can coordinate NEPA review with that funder
 - Adoption process is much faster and less costly if NEPA can be coordinated with funders
