

NBRC Applicant/Award #	Date CATEX Completed	Original Agency CATEX	Adoption Type	CATEX used
Mount Washington Observatory <b>NBRC23GNH04</b>	3/7/2024	Denali Commission	CATEX	A6. Nondestructive data collection, inventory, study, research, and monitoring activities (e.g., field, aerial and satellite surveying, and mapping). <b>Application of the CE will be limited to the following NBRC activities:</b> Grants to support discrete non-destructive data collection, inventory, study, research, and monitoring activities funded under 40 U.S.C. 15501(a).
Clean Energy NH (NH Sustainable Energy Association) <b>NBRC23GNH06</b>	3/18/2024	Denali Commission	CATEX	A4. Grants for Social Services, Education, and Training Programs Approving and issuing grants for social services, education and training programs, including but not limited to support for Head Start, senior citizen programs, drug treatment programs, and funding internships, except for projects involving construction, renovation, or changes in land use. <b>Application of the CE will be limited to the following NBRC activities:</b> Grants for workforce development and training programs, planning initiatives, community visioning processes, and other community-based capacity-building initiatives.
Agency of Commerce & Community Development <b>NBRC23USDA11</b>	4/1/2024	Denali Commission	CATEX	A4. Grants for Social Services, Education, and Training Programs Approving and issuing grants for social services, education and training programs, including but not limited to support for Head Start, senior citizen programs, drug treatment programs, and funding internships, except for projects involving construction, renovation, or changes in land use. <b>Application of the CE will be limited to the following NBRC activities:</b> Grants for workforce development and training programs, planning initiatives, community visioning processes, and other community-based capacity-building initiatives.
City of Presque Isle <b>NBRC23GBME02</b>	5/10/2024	Federal Aviation Administration	CATEX	FAA Order 1050.1F – 5.6.4(h) - Federal financial assistance, licensing, or Airport Layout Plan (ALP) approval for construction or expansion of facilities—such as terminal passenger handling and parking facilities or cargo buildings, or facilities for non-aeronautical uses at existing airports and commercial space launch sites—that do not substantially expand those facilities (see the FAA’s presumed to conform list (72 Federal Register 41565 (July 30, 2007))).
VSU/Smokey House <b>NBRC23GRF04</b>	5/16/2024	Denali Commission	CATEX	B3. Construction or lease of new infrastructure including, but not limited to, healthcare facilities, community buildings, housing, and bulk fuel storage and power generation plants, where such lease or construction:  a. Is at the site of existing infrastructure and capacity is not substantially increased; or b. Is for infrastructure of less than 12,000 square feet of useable space when less than two acres of surface land area are involved at a new site.  Application of the CE will be limited to the following NBRC activities, which would occur on previously disturbed land: <ul style="list-style-type: none"> <li>• Grants for new infrastructure for healthcare facilities;</li> <li>• Grants for new infrastructure for childcare facilities;</li> <li>• Grants for new infrastructure for community buildings and housing;</li> <li>• Grants for projects that upgrade or replace outdated power generation technology;</li> <li>• Grants for water and wastewater infrastructure;</li> </ul>
Big Rock <b>NBRC23GME10</b>	5/16/2024	Denali Commission	CATEX	A8. Acquisition and installation of equipment including, but not limited to, EMS, emergency and non- expendable medical equipment (e.g., digital imaging devices and dental equipment), and communications equipment (e.g., computer upgrades). Application of the CE will be limited to the following NBRC activities: <ul style="list-style-type: none"> <li>• Grants to support acquisition and installation of fiber optic cable upgrades and other communications equipment within the existing footprint of a building, vehicle, existing electrical or communications infrastructure to improve broadband access;</li> <li>• Grants to support acquisition and installation of medical, emergency, and communications equipment for medical facilities or emergency services within the existing footprint of a building, on a structure, or within a vehicle;</li> <li>• Grants to support acquisition and installation of equipment within the existing footprint of a building or within a vehicle to support enhanced cellular access.</li> <li>• Grants to support acquisition and installation of equipment for transportation and recreational infrastructure improvements.</li> <li>• Grants to support acquisition and installation of equipment for forestry management activities and production of forestry products.</li> <li>• Grants to support acquisition and installation of environmental monitoring equipment, such as weather stations to enhance environmental research and monitoring efforts.</li> </ul>

<p>The Research Foundation for the State University of New York <b>NBRC23GRF08</b></p>	<p>5/17/2024</p>	<p>Denali Commission</p>	<p>CATEX</p>	<p>A7. Research, planning grants and technical assistance projects that are not reasonably expected to commit the federal government to a course of action, to result in legislative proposals, or to result in direct development.</p> <p>Application of the CE will be limited to the following NBRC activities:</p> <ul style="list-style-type: none"> <li>• Grants to support data collection and research that furthers the NBRCs, and/or grantees', stakeholders', partners', etc. understanding of the region's needs, capacity, or funding gaps as it pertains to economic development as defined by the NBRC and expressly noted in 40 U.S.C. 15501(a)</li> <li>• Approving and issuing grants to organization to provide technical advice and grant administration assistance to organizations (e.g., community and economic development entities who provide technical and grant administration assistance to address lack of capacity at state, regional and local levels), where such assistance is independent of any implementation actions with potential environmental effects.</li> </ul>
