00:49:28 Sarah Demers: NBRC BABAA guidance: <https://www.nbrc.gov/content/BABAA>

00:51:56 Patrick Hackley: I missed the distinction between those eligible projects with a maximum of \$1 million and maximum of \$5 million.

00:54:11 Sarah Demers: Replying to "I missed the distinc..."

Feasibility projects are eligible for up to \$1M - these are studies, inventories, planning/design, etc...Implementation projects (construction of infrastructure) are eligible for up to \$5M. The \$5M higher maximum is dependent upon meeting multiple objectives. All of this is explained in detail in the User Manual found on our website.

00:54:42 Patrick Hackley: Replying to "I missed the distinc..."

Thank you Andy and Sarah!

00:54:51 Sarah Demers: Reacted to "Thank you Andy and S..." with

00:55:25 Jay Kamm: Is it safe to assume that snowmobile and ATV infrastructure would be defined as recreation and not transportation? Thinking stream crossings and overlooks in scenic areas,

00:56:21 Sarah Demers: Replying to "Is it safe to assume..."

Recreation trail infrastructure that uses wood IS an eligible project.

00:56:52 Jay Kamm: Replying to "Is it safe to assume..."

Excellent and thank you.

00:56:56 Sarah Demers: Reacted to "Excellent and thank ..." with

01:01:25 Patrick Hackley: Replying to "Is it safe to assume..."

Can there be multiple "projects" within one grant application - e.g., a state forest that needs a forest road bridge and an OHRV/snowmobile bridge.

01:02:30 Sarah Demers: Replying to "Is it safe to assume..."

Yes. All components and locations of the project should be well developed and described at the pre-application stage.

01:02:55 Patrick Hackley: Replying to "Is it safe to assume..."

Great, thank you!

01:03:02 Sarah Demers: Reacted to "Great, thank you!" with

01:03:30 Kristie Farnham: It is best to reach out to Vermont SPM via email: Kristie.farnham@vermont.gov
- Thanks!
